PURPOSE

WHAT IS THE NoRTEC WORKFORCE DEVELOPMENT BOARD (WDB)?

The NoRTEC Workforce Development Board (WDB) is a regional WDB that administers the federally funded Workforce Innovation and Opportunity Act (WIOA) programs in Northern California. Workforce Development Boards were created under a 1998 federal law called the Workforce Investment Act (WIA) with a mandate to create a workforce development system that meets the needs of employers for qualified workers and by expanding employment opportunities for residents. On July 22, 2014, President Obama signed the Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113-128) into law, concluding the reauthorization of the Workforce Investment Act (WIA).

Beyond what WIOA mandates, the Workforce Development Board has become a key player in the economic growth and competitiveness of our local area and the region. In this larger role, the Workforce Development Board functions as a convener, an innovator, and a facilitator of strategic partnerships between the private sector, non-profit agencies, educational institutions, local elected officials, local government agencies, labor, and job training education programs.

WHAT DO WORKFORCE DEVELOPMENT BOARDS DO?

The NoRTEC Workforce Development Board has three major roles.

1. First, the WDB shapes workforce programs in NoRTEC’s 11 Counties. Specifically, the WDB sets priorities, offers input based on real world experiences, ensures results, and offers solutions that are tailored to our local community and economy.

2. In addition, the WDB works to increase business investment in the workforce by promoting workforce programs within the business community, using the workforce system to find and train employees, leveraging their relationships and resources to enhance the workforce system, and recruits other leaders to join the Workforce Development Board.

3. Lastly, the WDB represents the NoRTEC workforce system. WDB members advocate on workforce issues with policy-makers, and collaborate with other workforce and economic development professionals to identify best practices and opportunities for enhancement of our local system.

MEMBERSHIP

NoRTEC Workforce Development Board members are appointed by the NoRTEC Governing Board.

The majority of the members of the WDB must be business leaders. The Workforce Innovation and Opportunity Act also mandates that key decision makers from education, economic development, community based organizations, labor unions,
training and human service agencies be represented on the WDB. Nonprofit organizations, community leaders, and other stakeholders may also be appointed to serve on the WDB.

The composition of the NoRTEC Workforce Development Board is as follows:

- Seventeen (17) representatives of business in the local area who are owners, chief executives or operating officers of business or other business executives, including small businesses, business organizations, or human resources executives with optimum policy-making or hiring authority that provide employment opportunities in in-demand sectors or occupations as defined in WIOA. One representative from each NoRTEC county, plus 6 at-large representatives.
- One (1) at-large representative from Higher Education.
- Five (5) at-large representatives of labor organizations, including one at-large representative of an apprenticeship program.
- Two (2) at-large representatives of community-based organizations with expertise in addressing the employment needs of populations with barriers to employment, including, but not limited to, those that represent or provide service to individuals with disabilities, veterans, WIOA eligible youth (including out-of-school youth), farm workers, homeless persons and immigrants.
- Two (2) at-large representatives of TANF/Health and Human Services.
- One (1) at-large representative of Adult Education.
- One (1) at-large representative of an economic development agency, including private sector economic development entities and/or Small Business Development Centers.
- One (1) at-large representative from the State of California Employment Development Department under Wagner-Peyser serving the local area.
- One (1) at-large representative of programs under Title I of the Rehabilitation Act of 1973.
- Two (2) at-large Community Representatives.

The NoRTEC Workforce Development Board and Governing Board roster can be found on Attachment B or on NoRTEC’s website www.ncen.org.
WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) OVERVIEW

On July 22, 2014, President Obama signed the Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113-128) into law, concluding the reauthorization of the Workforce Investment Act (WIA) approximately 11 years after it was originally scheduled to be done. WIOA is a federally funded program designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

WIOA’s centerpiece is to build a better aligned workforce system that takes a holistic approach to the programs, especially, Title I Occupational Education Programs and Title II Adult Basic Education Programs. There are numerous instances where WIOA either requires or facilitates better coordination between these programs, including participant co-enrollment. WIOA subjects all of the core programs in the bill, including vocational rehabilitation as well as Wagner-Peyser employment services, to the same accountability measures, replacing the current patchwork of different measures. Importantly, WIOA also updates the statute to reflect the fact that a post-secondary credential is increasingly necessary to attain a middle class lifestyle. WIOA makes a variety of changes to steer the system away from a “job-first” mentality to a structure that emphasizes obtaining a “recognized post-secondary credential” (a newly-defined term). This starts with the purposes of the act as expressed at the beginning of the statute.

AMERICA’S JOB CENTER OF CALIFORNIA (AJCC)/ONE-STOP CENTERS

One-Stops were envisioned as the centerpiece of the workforce system bringing education and employment services and other workforce development efforts into one system.

At One-Stops, employers and businesses can get their human resource needs met, including access to qualified employees from entry level to management; assistance with company downsizing and closing; up-to-date labor market information; and information and access to state resources support skill upgrading of current employees.

Job seekers have access to career advisors, a database of employers and educational opportunities, and other types of support programs. In addition, computers, Internet, fax and copy machines, job postings, and a career library are all at the disposal of job seekers.

All One-Stop Partners must commit to all of the following responsibilities:

- Make specified services available through the One-Stop Center
- Provide financial support to create and maintain the One-Stop Center and its services
- Enter into a Memorandum of Understanding (MOU) with the local Workforce
Board regarding the operation of the One-Stop Center
• Participate in the operation of the One-Stop Center

BOARD AGREEMENT

The NoRTEC Workforce Development Board and Governing Board Agreement can be found on Attachment E. The agreement lists the terms of appointments, voting and duties of the board.
ROLES & RESPONSIBILITIES

BASIC RESPONSIBILITIES OF THE WORKFORCE DEVELOPMENT BOARD

Workforce boards assume critical leadership roles in the local workforce system. To ensure a comprehensive workforce system, your local workforce board plans, oversees, and evaluates in order to:

- Build links between workforce and economic development and related activities
- Convene industry-specific groups and general business organizations to identify occupational skill needs and discuss basic employment skill requirements
- Form strategic alliances, negotiate relationships and broker resources
- Identify training service providers and require that they meet industry standards
- Ensure that training meets business and labor market needs
- Designate, certify, and oversee Workforce Solutions Office operators
- Create measures of customer satisfaction
- Establish systems for gathering and publicizing local employment statistics
- Leverage local donations to secure state and federal matching funds
- Assess effectiveness of local workforce solutions

TYPICAL BOARD AND STAFF RESPONSIBILITIES

Through the board’s guidance and direction, board staff responsibilities include, but are not necessarily limited to:

- Carrying out the board’s decisions and ensuring implementation of the plan by the service provider(s)
- Devising methods for reaching out to various industry sectors and business organizations
- Informing the board about labor market trends and current job skills requirements of area employers and the skills of the area labor force
- Developing plans and budgets
- Negotiating, processing, and managing contracts for workforce services
- Measuring performance and analyzing outcomes
- Reporting information to the board and the state, such as status of services, programs, agreements, expenditures and performance measures
- Recommending service improvement options
It is important that board members ensure that board staff fully understand:

- The board’s vision, mission, and objectives
- The board’s focus on employer needs
- The board’s strategic plan
- Board expectations and staff responsibilities

**SIMPLIFIED CODE OF CONDUCT**

If you, an immediate family member, or the business or organization you work for or represent have a personal interest in any Board action, you must:

- Declare the conflict of interest verbally or in writing for the record
- Not participate in making the decision or influencing the staff implementing the decision
- Not lobby for or against the decision
- Abstain from voting

**ETHICS TRAINING REQUIREMENT**

Ethics training is required to local agency officials that serve on the Board. The ethics training must be completed and renewed every two years thereafter. The Institute for Local Government, and other state and local agency officials collaborated to create an on-line training program to allow local officials to satisfy the ethics training requirements at no cost. Reference the self-serve training online at: [http://localethics.fppc.ca.gov/login.aspx](http://localethics.fppc.ca.gov/login.aspx). Completion certificates must be printed at the end of the training and submitted to NoRTEC staff.

**FORM 700 REQUIREMENT**

Officials listed in Gov. Code Sec. 87200 (e.g. boards of supervisors, city council members, planning commissioners, elected state officials, etc.), must report all investments and income as well as real property interests in their agency’s jurisdiction. Reference Form 700 online at: [http://www.fppc.ca.gov/Form700.html](http://www.fppc.ca.gov/Form700.html)

**SOME TIPS FOR NEW WORKFORCE BOARD MEMBERS**

For a new Workforce Development Board member, the workforce system can be confusing. Here are some tips that may help new board members get started.

1. **Study the economy.** Your value as a board member is greatly enhanced as your insight into the local economy and job market increases. Useful information is available from a variety of sources.
2. **Meet the customers.** Any quality organization must be responsive to customer needs. The WDB’s primary customers are job seekers, businesses, disadvantaged adults and youth as well as the general public. The purpose of the WDB is to assist businesses in finding, developing and retaining a quality workforce, and to support and train job seekers to enter subsidized employment.

3. **Find out about education and training.** Visit local schools, community colleges, community-based organizations and other programs, which are involved in workforce development. Find out what their enrollment levels are, how they determine their course offerings and what happens to their graduates and/or their dropouts.

4. **Review.** Review the WDB’s Strategic Local Plan for Program Years 2013-17, annual report and more by visiting the NoRTEC website at: [www.ncen.org](http://www.ncen.org).

5. **Get to know the Board Staff and Service Providers.** The professionals who staff the Board are your best source of information about the daily operations of the board.

**BOARD POLICIES**

The NoRTEC WDB adopts a set of policies that outline how programs and services will be administered. The Board reviews and updates its policies annually in the spring, or more often as required by new state or federal directives. The NoRTEC Workforce Development Board Policies can be found online at [www.ncen.org](http://www.ncen.org) > Menu > Resources > Policies.

Conflict of Interest Policy

Please click on the link below to access the NoRTEC Workforce Development Board Conflict of Interest Policy and Code of Conduct.

POLITICAL REFORM ACT

ECONOMIC DISCLOSURE

- Workforce Development Board (WDB) Members are “Public Officials”
- Members must file Statements of Economic Interests (“Form 700”)
- Form 700s – Provides basic disclosure information
  - Specifics on holdings
  - Order of magnitude in amounts
- Form 700s are public documents

CONFLICTS OF INTEREST

- Public Officials cannot “make, participate in making, or influence” governmental decision
- Disqualifying conflicts are based on economic interests only, not philosophical or personal issues
- If members have “material” economic interest in decision, then they must disclose and recuse
- Eight step process, based on specific facts, found in “Can I Vote?” Pamphlet
- Is the member participating in government decision?
- Does the decision affect an “economic interest” (real property, investment, or source of income)?
- Is there a reasonable possibility the decision will significantly impact that “economic interest?”
- Is that impact different from the public generally?
- If so, then there may be Disqualifying Conflict of Interest under FPPC Rules.
GOVERNMENT CODE § 1090

FINANCIAL INTERESTS

- Public Official cannot be financially interested in contract with Official’s body
  - Theory that “cannot serve two masters”
  - Strict liability; doesn’t matter if contract is beneficial to public body
- Violation of 1090 voids contract; official must disgorge all funds
- Violation of 1090 can lead to criminal sanctions
- Definition of “financial interest” in contract can be broad
  - However devious and winding the chain may be which connects the officer with the forbidden contract, if it can be followed and the connection made, the contract is void.”

People v. Deysher (1934) 2 Cal.2d 141
  - Has even been applied to pro bono services
- “Participation” in making of contract can be defined broadly
  - “…an official may be convicted of [1090] violation, no matter whether he/she actually participated personally in the execution of the contract, if it is established that he/she had the opportunity to, and did, influence execution directly or indirectly to promote his/her personal interests.”

- Grants and donations are “contracts”
- “Financial interest” extends to spousal property and employment
- “Financial interest” extends to employee of contract provider
- Campaign contributions are not “financial interests” per se, but if shown contribution made in anticipation/result of decision, is prohibited “financial interest”6
- Board members presumed to have “made” contracts approved by Board
- Section 1090 also applies to Advisory Boards members, because of influence in “participating” in development of contracts
  - Individual members of Advisory Boards may be able to avoid conflict by disqualifying self from any participation
- Policy determinations that some interest are “non-interests” for 1090 purposes
  - May still have Political Reform Act disqualifying interest; check with FPPC Regulations
- Sample “non-interests” include:
  - Receipt of public services by official
  - Contracts between government agencies
    - If contract involves department, must disclose
    - If contract does not involve department, no interest
- Limited exceptions for “remote interests”
  - Must disclose interest before action on contract is taken
  - Must have interest noted in official records of body
o Must completely disqualify self and not attempt to influence other board members
• Failure to comply with all steps in violation and could void the contract
• Officer or employee of Non-Profit/501(c)(3) may have “remote interest”
• Employee (not officer) of private entity may have “remote interest” if:
  o Entity has 10 or more employees
  o Employed for at least 3 years prior to original term as board members
  o Owns less than 3% of stock in entity
  o Did not directly participate in formulating bid entity
